Head Coach | 4th Year
Tulsa, 2005

TAYLOR CAREER CAPSULE

AS A PLAYER

2000-01	University of Wisconsin
2001-05	University of Tulsa

AS A COACH

Year	Position & Employer
2008	Head Coach, Men's Tennis
	New York Sportimes of World Team Tennis
2010-14	National Coach
2011	Head Coach, Men's Tennis
	Pan-American Games
2014-17	Assistant Coach, Men's Tennis
	University of Virginia
2021-Present	Head Coach, Men's Tennis
	Oklahoma State University

In three seasons with the Pokes, Coach Taylor racked up 44 wins, including a Big 12 semifinals showing and a second round appearance in the 2023 and 2024 NCAA tournament

Best-known for his player development ability, Dustin Taylor was named head coach of Oklahoma State men's tennis in June of 2021.

Taylor served as associate head coach at the University of Virginia from 2014-17, where he was a part of three consecutive NCAA team championships, an ITA national indoor championship and two NCAA singles champions in his three seasons in Charlottesville.

After his time at Virginia and before arriving at OSU, he was a lead national coach for U.S. Tennis, helping top Americans Denis Kudla and Tim Smyczek break into the top 100 in the world rankings. Taylor was a driving force in the organization's Team USA initiative to help support and assist the top American players on the ATP Tour.

From 2010-14, he served his first term as a national coach, overseeing top junior and collegiate players in their transition to the professional ranks. Included on the list of top 100-ranked players he worked with during that time are Steve Johnson, Tennys Sandgren, Bradley Klahn, Marcos Giron and more.

In addition to his coaching and development work at the USTA, Taylor also organized tournament schedules and made the final decision on all ATP and ITF wildcards in USTA Pro Circuit events – a role that required him to be aware of worldwide tournament results and rankings, the status of players' eligibility and ever-changing rules and regulations. He did all this while continuously communicating with tournament directors throughout the country to ensure proper execution and dissemination of selected wildcards.

Notable appointments during his career include serving as head men's tennis coach for the 2011 Pan-American Games and leading the 2008 New York Sportimes of World Team Tennis to a semifinal appearance.

Taylor played collegiately at the University of Tulsa, where he was an All-American and NCAA quarterfinalist in 2003 and the Farnsworth Senior Player of the Year in 2004. A four-time all-Western Athletic Conference honoree, Taylor earned WAC player of the week honors seven times, a mark that set the record for all sports.

A 2005 graduate from Tulsa with a degree in business, Taylor married his college sweetheart, the former Jennie Huber. They have five children; McKenzie, Brooklyn, Tatum, Decker and Hayes.

Sergey Avdeyev

Associate Head Coach | 1st Year
Oklahoma, 2009

AVDEYEV CAREER CAPSULE

AS A PLAYER

2006-09	Oklahoma
2009-11	Player on ATP tour

AS A COACH

Year	Position & Employer
2011-15	Director of Junior Development OU
2015-16	Assistant Coach, OU
2016-19	Assistant Coach, Old Dominion
2019-24	Head Coach, UTSA
2024-Present	Associate Head Coach, OSU

Sergey Avdeyev comes to Stillwater ahead of the 2024-25 season, adding 10 years of NCAA Division I coaching experience to the Pokes staff.

Avdeyev's first head coaching gig came in 2019 at the University of Texas San Antonio Men's tennis team. While at the helm, Avdeyev was named 2023 Conference USA Coach of the Year, posted a 58-43 record in his five seasons and broke many school records along the way: their highest team ranking (34), their first-ever NCAA at-large bid, most consecutive wins (14), highest-ranked win (No. 28 VCU), doubles regional champions, highest-ranked doubles team (#6 in the country), highest home match attendance, and most conference awards.

Avdeyev's leadership goes far from just the tennis courts, as he served as the UTSA Game-plan Committee Chair (Student-Athlete Experience) in 2022-23, the San Antonio International Pro Exhibition Tennis Tournament Supervisor in 2023 and ITA Texas Regional Committee Board Member 2022- 23 and Chair in 2023-24.

In 2016, Avdeyev was named Men's Associate Head Coach for the Old Dominion University tennis team. Under Avdeyev's tutelage, multiple athletes earned regional championships, including a couple of doubles championships and three NCAA individual appearances. Avdeyev coached Aziz Kijametovic to a national singles and doubles ranking and a Regional Singles crown victory. Receiving ITA Atlantic Regional Assistant Coach of the Year in 2018, Avdeyev led the Monarchs to the top 25 national rank, the C-USA Championship trophy, and a bid to the 2019 NCAA Tournament.

Returning to his alma mater in 2011, Avdeyev served as the Director of Junior Development for the Oklahoma University Tennis Club. Avdeyev got his first coaching position at the collegiate level in 2015 as the OU's men's tennis second assistant coach. In 2016, the Sooners made an unpredictable run to the NCAA championship match, upsetting No. 3 UCLA, No. 6 Wake Forest and No. 7 Georgia, but ultimately fell short to top-ranked Virginia.

During his coaching career at Oklahoma, Avdeyev coached and developed two All-Americans (Axel Alverez Llamas and Alex Ghilea).

Before stepping outside the lines, the Kazakhstan native, Avdeyev, competed on the professional tennis circuit, ranking in the top 10 in his country, and was a junior Davis Cup team member.

Playing in the top spot for OU his senior season, Avdeyev captained the Sooners, where he was ranked in both singles and doubles.

Born on July 21, 1987, Avdeyev and his wife, Lisa, have three kids; Annalisa, Aleksandra and Mikhail.

The Cowboys aim to see continued success under fourth-year coach Dustin Taylor. With five returners and two new faces, this squad aims to take the program to new heights in 2024-25.

Taylor has tallied 44 wins over the past three seasons, including two Big 12 semifinal appearances and back-to-back NCAA Tournament appearances.

New Associate Head Coach Sergey Avdeyev enters his first season with the Cowboys after five seasons as the head coach at UTSA. Avdeyev led the Roadrunners to its most wins since 1985 this past season.

Five returning players, led by graduate Isaac Becroft, add a plethora of experience to the roster that tallied 18 wins last season. Other returners include Alessio Basile, Francisco Pini, Derek Pham, and Ty Wunderlich.

Becroft, coming off a season in which he earned All-American honors, is the undoubted leader of this squad according to Taylor. Last season, Becroft won 15 singles matches, 17 doubles matches, All-Big 12 first team doubles, and All-Big 12 second team in singles.

Taylor and company added a pair of freshmen, Ian Bracks and Thomas Gadecki—the two look to make an immediate impact on the team following highly decorated junior careers.

The Cowboys play host to 11 matches at the Greenwood Tennis Center in 2025 and aim to make a statement in the new look Big 12.

No. 34 Oklahoma State	4

May 3, 2024 | Coloumbus, OH
Ty Tucker Tennis Center

COLUMBUS, Ohio – The 34th-ranked Oklahoma State men's tennis team defeated No. 42 Vanderbilt, 4-1, Friday morning to advance to the second round of the NCAA Championships at the Auer Tennis Complex.

It marks the second straight season that the Cowboys won a match in the NCAA Championships. OSU improved to 18-9 with the win and recorded the most victories in a season since 2019.

The postseason victory began in doubles on court one where OSU's 10th-ranked duo of Tyler Zink and Isaac Becroft took down No. 70 Nathan Cox and Jeremie Casabon, 6-2. The tandem claimed their sixth win of the season to stay undefeated with five of those coming against ranked opponents.

Following a brief rain delay, the clincher came from Cowboys Leighton Allen and Alessio Basile on court three. They defeated Hugo Coquelin and Danil Panarin, 6-3, and improved to 3-0 as a pairing. The win gave OSU its sixth straight doubles point, a streak that has lasted since March 30.

After taking the 1-0 lead, Alex Garcia and Francisco Pini went unfinished against Vanderbilt's Michael Ross and Joubert Klopper, leading 5-4 on court two.

The Cowboys started hot in singles, winning all six first sets before another weather delay brought the match at a stall. With light rain still falling, the teams went back out and Vanderbilt gained momentum. It translated to five of six second sets going in favor of the Commodores.

On court six, Coquelin defeated Pini, 6-2, 0-6, 1-6, to tie up the match at one apiece. The Cowboys took back the lead with a comeback win from Basile. Down 3-5 in the third set, he took four straight games to take the match, 6-1, 1-6, 7-5.

No. 24 Zink kept the momentum on court one and defeated No. 45 Panarin, 6-1, 3-6, 6-0. This win marks Zink's team-high 17th singles win and his seventh against a ranked opponent.

On court four, Erik Schiessl, playing in the first postseason match of his career, clinched the match for the Pokes. The freshman defeated Casabon in straight sets and won the second set with a dominant tiebreaker. It's the second straight victory clinched by Schiessl, having also locked down the Cowboys' win in the Big 12 Championships against UCF.

Garcia and Becroft played tough matches but went unfinished with the match closed out.

Cowboy Tennis will return to action to face the winner of top-seeded Ohio State and Cleveland State tomorrow at 3 p.m. for a spot in the NCAA Super Regionals

PAVEL KUDRNAC

1998, SINGLES & DOUBLES

When Pavel Kudrnac first took the court for Oklahoma State in the fall of 1996, the bar of success was fairly high. And during his two years with the Cowboys, Kudrnac took that bar and raised it to heights not seen before in the team's history.

A native of Pilsen, Czech Republic, Kudrnac won three national championships while at Oklahoma State, set a new mark for the most singles victories in a singles season in team history and earned ITA All-American status in both singles and doubles during his senior campaign.

Kudrnac was named the Big 12 Conference's Player of the Year during both of his seasons in Stillwater. Pavel also was awarded a spot on the Big 12's Men's Tennis 10th Anniversary Team in both singles and doubles. He was one of two players to earn a spot on both the singles and doubles teams.

Kudrnac's senior campaign - where he won an OSU-record 35 singles matches, won three national titles and was both a singles and doubles All-American - set a new standard for Oklahoma State tennis players and his dominance has yet to be matched in the years that followed.

National Success

The Michael and Anne Greenwood Tennis Center, the second major project in Oklahoma State University's Athletic Village, was unveiled in January of 2014 with the indoor portion of the complex hosting its first varsity matches. The outdoor courts also opened during the spring semester of 2014.

The 50,000 square foot tennis center is located just north of Boone Pickens Stadium. The indoor facility houses six tennis courts, along with coaches' offices, locker rooms, and a sports medicine hub complete with a hydrotherapy center. The indoor facilities are able to seat at least 350 spectators.

The webcams inside the facility are another exciting feature, which allow OSU to live-stream matches onto the team's website.

The center includes 12 lighted outdoor tennis courts in two sets of six courts. The courts are set up to allow fan viewing of each match being played in both the indoor and outdoor venues.

After a tour of the Greenwood Tennis Center, a tweet by the United States Tennis Association pronounced OSU's new complex as one of the top two collegiate facilities in the country.

OSU women's head coach Chris Young said the Greenwood Tennis Center would give OSU the chance to host many tournaments. That dream has already come to fruition as the facility has hosted a number of prestigious tournaments since being dedicated.

In 2016, the Greenwood Tennis Center hosted its first Big 12 Championship, which the Cowgirls won in convincing fashion. Ultimately, Young hopes the facility can eventually host the NCAA Championships.

"Through every stage of building the facility we have been able to talk to those selection committees, we ask them what things they are looking for to make sure we are including things that are going to be the most important when hosting championship events," Young said.

Michael and Anne Greenwood provided the lead gift for the multi-faceted tennis project. The Greenwoods are OSU alumni who have supported the University in many ways. They began to follow OSU tennis when Anne's father, Joe Morris, started attending matches in the late 1970s and eventually led the family to become OSU tennis fans.

The Greenwoods went to the OSU tennis coaches and former OSU Athletic Director Mike Holder and offered their support for the new facilities.

Greenwood Tennis Center

"Our OSU tennis coaches and players have had to practice and play in extreme heat, bitter cold and gale force winds," Michael Greenwood said. "And whenever rain is involved, the teams have to leave Stillwater and find an indoor alternative or cancel the scheduled event.

"This has provided an unfair playing field for our dedicated student-athletes for over 40 years and we decided the time to correct this situation was long overdue."

The Greenwoods said the tennis center is not about them, but about taking OSU tennis to the next level of greatness.

"When you look at the history of the program with its many conference championships over the years, the level of success is remarkable given the lack of facility infrastructure to support the program," Anne Greenwood said. "We are already beginning to see the positive impact by the level of excitement being shown by players, coaches and fans that are part of OSU Tennis and its bright future."

The Greenwoods explain their financial support of the new facilities is to show appreciation to the coaches and players have provided the foundation for OSU Tennis. However, in designing the complex, they have tried to make it as fan-friendly as possible to promote attendance.

"OSU Tennis has been a hidden gem in an obscure location," the Greenwoods said. "The new tennis facilities are world class in a central location that will make attending a tennis match an enjoyable experience.

"We would encourage all students and alumni to come out and watch these amazing athletes represent OSU proudly and, along with us, live orange!"

CAMPUS OF CHAMPIONS

Oklahoma State University

A land-grant institution with more than 35,000 students across a five-campus system, we've graduated more than 264,000 students to serve the state of Oklahoma, the nation and the world.

A bold aspiration

Oklahoma State University intends to become the nation's preeminent Land-Grant university

From their founding in the nineteenth century, Land-Grant universities have carried a distinctly American charge captured in the words of the Morrill Act of 1862:

"to promote the liberal and practical education of the industrial classes in the several pursuits and professions in life."

Through teaching, research and Extension, the Land-Grant institutions steward a timeless responsibility: to raise successive generations of servant-leaders; to engage as vital members of their communities; to bring research and new knowledge to bear to prepare students for the world they will enter; and to extend critical knowledge and expertise to meet society's most pressing problems — the "Grand Challenges" facing civilization.

Three Pillars

Instruction
OSU provides the highest quality education in a variety of different majors using the latest teaching methods.

Research
OSU is creating the next generation of scientists, thinkers and scholars through its tradition of research excellence.

Extension
OSU's Cooperative Extension connects people across the nation and world with the latest research and practical solutions.

Core Values

Community
Foster a strong sense of community based on shared governance among student, faculty, staff and administration.

Service
Serving others is a noble and worthy endeavor and distinguishing feature of a land-grant institution.

Steward of Resources
Dedicated to the efficient and effective use of resources and sustainability.

Excellence
Seek excellence in all endeavors and commitment to continuous improvement.

Integrity
Commitment to the principles of truth and honesty.

Intellectual Freedom
Believe in ethical and scholarly questioning that respects the rights of all to freely pursue knowledge.

University President Dr. Kayse Shrum

Dr. Kayse Shrum

University President
Fourth Year | OSU College of Osteopathic Medicine

Oklahoma State University President Kayse Shrum is in her fourth year leading the largest university system in Oklahoma.

A collegiate student-athlete herself, Dr. Shrum competed as a softball pitcher at Connors State College before continuing her education at Northeastern State University and the University of Arkansas. She then earned her doctorate of osteopathic medicine from the OSU College of Osteopathic Medicine.

Her husband, Darren, was also a collegiate student-athlete at the University of Central Arkansas, and the two make it a point to attend as many athletic events as possible in order to recognize the hard work and dedication of OSU student-athletes, coaches and staff.

Since taking office in July 2021, Shrum has forged a new chapter for OSU — boldly facing challenges like conference realignment and COVID-19 while positioning the university for future success by embarking on a strategic planning process. The systemwide We Are Land-Grant strategy guides OSU's future and is securing its position as the nation's premier land-grant university — with a focus on creating and discovering solutions to societal problems, providing students with a world-class education and sending them into the world after graduation well-equipped to handle the challenges before them.

Throughout Shrum's tenure, OSU has set multiple enrollment records. During the 2023 school year, OSU saw the highest undergraduate enrollment in school history, the largest first-time freshman class in school history while also becoming Oklahoma's largest university system. OSU has also set enrollment records for non-residents, Honors College, Spears School of Business, Native American, first-generation, online students and new graduate students.

OSU has maintained flat tuition and mandatory fees for three straight years, emphasizing student access, STEM education and workforce readiness. In December 2023, Shrum launched OSU Polytech, which builds on OSU's decades of experience in applied and technical learning to directly address Oklahoma's high-tech workforce needs. Currently, over 3,700 students are enrolled in 60 polytechnic education programs in person and online across the system.

Her influence and forward-thinking approach have been instrumental in launching OSU's transdisciplinary institutes, including the 2022 opening of the OSU Human Performance and Nutrition Research Institute, or HPNRI. The institute harnesses OSU's expertise in human performance and nutrition science, and is coupling it with advanced knowledge from OSU's elite strength and conditioning staff to deliver better health outcomes for all Oklahomans. One key area of HPNRI's focus is on athletic trainers across the state.

Shrum's leadership, professional and civic contributions have led to notable recognition and rewards. Her honors include:

- 2023 Special Olympics Oklahoma Barry Switzer Award of Excellence
- 2022 Oklahoma Women's Hall of Fame induction
- 2022 Oklahoma Osteopathic Association DO of the Decade
- 2020 "*Journal Record*" Health Care Hero
- 2020 Osteopathic Founders Foundation Outstanding Physician Award
- 2020 *Becker's Hospital Review* "100 Academic Medical Center CEOs to Know"
- 2019 Connors State College Alumni Hall of Fame induction
- 2019 Tulsa Osteopathic Medical Society Osteopathic Impact Award
- 2019 "*Journal Record*'s" 2019 Woman of Year Award
- 2018 Newsmaker Award by the Association for Women in Communications Tulsa Chapter
- 2014 Oklahoma Osteopathic Association's Outstanding & Distinguished Service Award
- 2013 Connors State College Athletics Hall of Fame induction

In this role, Weiberg serves on President Kayse Shrum's leadership team that helps advance Oklahoma State's land grant mission and President Shrum's strategic initiatives for the institution.

The timing of his promotion to athletic director lined up with seismic shifts in national landscape of college sports. Realignment within the Big 12 Conference and the emergence of Name, Image and Likeness both occurred within a month of Weiberg's start date.

With that as the backdrop, in the modernized world of college athletics, Weiberg's OSU has been a force in competition. A sampling of Oklahoma State's accomplishments during his three years as athletic director:

- Oklahoma State won team national championships in equestrian (2022) and men's cross country (2023) and the women's tennis team won the 2024 ITA indoor national title.
- OSU won 15 Big 12 team conference championships across its 18 varsity sports.
- Oklahoma State finished in the top 25 of the Learfield Directors' Cup standings each year.
- Oklahoma State won the all-sports Phillips 66 Bedlam Series over in-state rival Oklahoma twice and tied the Bedlam Series once.
- The Cowboy Football team beat No. 5 Notre Dame in the 2021 Fiesta Bowl, had a winning record over Oklahoma and twice appeared in the Big 12 Championship Game.
- Oklahoma State produced 140 All-Americans, the highest three-year total in school history.

OSU's broad-based success reflects how the department has evolved in ways that produce a meaningful advantage. Some of key initiatives developed within OSU Athletics under Weiberg:

- The creation of a name, image and likeness department with a dedicated full-time director and assistant director.
- A partnership between OSU Athletics and the Spears School of Business to create the innovative Brand Squad, which pairs the best and brightest students in OSU's famed Spears

Athletic Director Chad Weiberg

As athletic director, Chad Weiberg hired head coaches Jacie Hoyt (women's basketball), Steve Lutz (men's basketball) and David Taylor (wrestling).

School of Business with student-athletes for the purpose of creating a personal brand and managing NIL opportunities, as well as coordinating with supporters establishing new collectives to provide NIL opportunities for OSU student-athletes.

- The creation of the POSSE STAR Fund to provide student-athletes financial rewards for achieving academic success in accordance with the Supreme Court ruling on Alston vs. NCAA.
- The creation of a student-athlete leadership and professional development program with a dedicated full-time director and assistant director to help best position student-athletes for success beyond sports.
- Numerous structural and cosmetic upgrades to Boone Pickens Stadium geared toward improving the fan experience.
- Launching of the OSU Athletics Vision Plan, which is highlighted by a new Human Performance and Innovation Complex and football center, upgrades to Boone Pickens Stadium and entirely new competition facilities for softball and indoor track and field, practice facilities for wrestling and men's and women's basketball and upgrades to Karsten Creek Golf Course, the Pedigo-Hull Equestrian Center and to Gallagher-Iba Arena.
- A partnership with Sport and Story to create OSU's own streaming service, OSU Max.

Weiberg has made three head coach hires, successfully recruiting Jacie Hoyt (women's basketball), Steve Lutz (men's basketball) and David Taylor (wrestling) to Stillwater.

Oklahoma State hosted NCAA Championship events in men's and women's cross country (2022), wrestling (2023) and men's and women's tennis (2024) under Weiberg, providing the Cowboys and Cowgirls with added visibility on the national level.

Also on the national level, Weiberg was on the College Football Playoff Future Format Athletic Directors Focus Group and beginning in September of 2024, joins the NCAA Division I men's basketball committee for a five-year term.

In 2023-24, he served as chair of the Big 12 Athletic Directors.

Prior to his elevation to athletic director, Weiberg served as OSU's Deputy Athletic Director from 2017-21. In that role, Weiberg was the chief operating officer, second-in-command and responsible for the day-to-day operations of the athletics department. He served as Athletic Director Mike Holder's administrative liaison for football and men's basketball and was responsible for football scheduling.

During his time as Deputy AD, he played a significant role in successfully navigating OSU Athletics through the COVID pandemic. Notably, he developed a partnership with the Oklahoma State University Center for Health Sciences that helped produce the planning and resources to keep Cowboy and Cowgirl student-athletes healthy, safe and ready for competition.

Weiberg was a key figure in several important initiatives that benefited student-athletes and fans alike. A little more than one year after Weiberg's arrival, OSU added a director of counseling and sport psychology position within the athletic department to better serve the mental health of student-athletes.

He also played a key part in improving OSU's gameday experience. Highlights include the addition of one of the largest video boards at a college-only football stadium, the addition of alcohol sales at OSU athletic venues and expanded concession offerings.

Weiberg is a 1994 OSU graduate with a degree in business administration. He earned a master's in business administration from OSU in 2002. After earning his undergraduate degree, he served as the director of corporate sales and donor relations for OSU Athletics until 1999. He served as senior director of field operations for the OSU Alumni Association from 1999-2002 before becoming the director of development for the OSU Foundation/College of Business Administration from 2002-03. He held a similar role for OSU Athletics from 2003-04 before moving to Kansas State.

At K-State, Weiberg served the KSU Foundation as Director of Corporate Relations for a year before becoming the Director of Major Gifts for K-State Athletics in 2005. Weiberg assumed the lead role for K-State Athletics' Ahearn Fund in 2009 and, for his team's efforts, was recognized as the National Fundraiser of the Year by the National Association of Athletic Development Directors in 2014. Weiberg was the Senior Associate Athletic Director for Development when he left K-State in 2015 to become Deputy Director of Athletics at Texas Tech University, a role in which he served for two years before returning to his alma mater in 2017.

College athletics have played a key role in Weiberg's life from an early age. His father, Mick, and brother, Brett were both college basketball head coaches and his brother, Jared, played basketball at OSU under Eddie Sutton for a year before moving into the role of team manager. Weiberg's uncle, Kevin, served as commissioner of the Big 12.

Weiberg and his wife, Jodi, have two children, Ella and Grant.

Oklahoma State has produced 119 Olympians all-time and entering the 2024 Paris Games, 34 earned a medal - 21 gold, five silver and eight bronze.

OSU has been represented at every Olympic Summer Games in which the United States has competed in since 1924.

Oklahoma State has produced at least one medalist in 19 of the last 20 Olympic Summer Games in which the United States has competed since 1932. The lone exception was in 1972, when the Henry Iba-coached Team USA men's basketball team chose to not accept silver medals following a controversial result against the Soviet Union in the gold medal game.

Included among Oklahoma State's Olympic gold medalists are a quartet of two-time winners - wrestlers Yojiro Uetake and John Smith, men's basketball star Bob Kurland and softball pitching ace Michele Smith.

- The Learfield Directors' Cup honors institutions and evaluates success in all sports, men's and women's. The Directors' Cup allows athletic departments to measure the success of each sports program evenly and does not weigh the success in one sport above the success in another.
- Because Oklahoma State does not sponsor women's volleyball and does not get credit for its performance in equestrian, it has only 17 sports eligible for Learfield Directors' Cup scoring, while most others count points from 19 sports. Operating with a two-sport handicap, Oklahoma State has still finished in the top 25 nationally the last four years and has finished in the top three of the Big 12 each of the last six years.

Phillips 66 Bedlam Series

The Bedlam Series is calculated by straight wins and losses in head to head competition. In sports where there is no head to head matchup, the Big 12 Championship final standings are used.

While Oklahoma State and Oklahoma have been in competition for more than 100 years, the all-sports Bedlam Series did not come into existence until the 1999-2000 academic year.

The All-Time Greats

The highest honor the Oklahoma State Athletic Department can bestow upon its former student-athletes, coaches and staff is induction into the OSU Athletics Hall of Honor. Inductees are immortalized with a permanent display on the concourse level of Gallagher-Iba Arena, outside the O-Club room on the arena's west side.

Name, Image and Likeness and POSSE STAR Fund

Oklahoma State is at the very forefront of the Name, Image and Likeness era of college sports and has the accolades to prove it.

OSU was the only Big 12 school recognized as a national finalist for Best Institutional Program at the inaugural NIL Awards at the INFLCR NIL Summit in 2022.

OSU's reputation as an NIL leader was earned not through hype, but through planning and then executing a strategy that placed maximizing NIL opportunities for student-athletes as the top priority.

A sampling of what NIL looks like at Oklahoma State:

Oklahoma State sprinter Tori Ortiz secured an NIL partnership with the WWE, among many others.

▶ OSU Athletics partnered with the renowned Spears School of Business to form the best-in-class Brand Squad – a group of business students who help connect OSU students with NIL partners at no cost to the students.

▶ OSU Athletics appointed Barry Hinson as Associate Athletic Director for Name, Image and Likeness – a new position geared specifically toward identifying and promoting NIL opportunities for its student-athletes.

▶ OSU partnered with industry leader Altius Sports to provide a national perspective and guidance to OSU's NIL programming.

▶ OSU partnered with the Brandr Group, One Team and Fanatics to create group licensing opportunities for its student-athletes, such as selling jerseys and other merchandise co-branded with official OSU marks and the student-athletes' name, image and likeness.

▶ OSU was an early adopter in helping student-athletes with their individual brand-building efforts through the use of professional-quality photos and videos.

▶ OSU provides ongoing rules education to the nonprofit collective Pokes with a Purpose, which pairs OSU student-athletes with local charities in a way that enables the student-athletes to use their name, image and likeness to raise awareness and funds for causes of their choosing.

▶ OSU Athletics has a standing NIL committee that meets weekly to identify, discuss and pursue NIL opportunities and partnerships that benefit its student-athletes.

▶ While it is not directly tied to NIL, OSU launched the POSSE Star Fund to provide student-athletes with additional education-related benefits including direct financial support in the form of academic achievement awards, up to the legally established maximum of $5,980 per year. In order to receive the full allotment, student-athletes must go through financial planning and education provided through a partnership between OSU Athletics and Simmons Bank.

The OSU NIL marketplace makes it easier than ever for fans and potential name, image and likeness partners to browse and connect with OSU student-athletes by visiting okstate.com/marketplace

Student-Athlete Leadership and Professional Development

Every athletic department has a goal of winning championships, which is something we know a thing or two about here at Oklahoma State. A quick glance to the rafters in Gallagher-Iba Arena illustrates that.

But in addition to banners, developing the next generation of leaders away from the field is a priority for OSU Athletic Director Chad Weiberg, and he made that clear with a key hire just weeks after taking the reins as athletic director in 2021.

Jawauna Harding re-joined the OSU Athletics family to head up our Student-Athlete Leadership and Professional Development office, which is charged with building initiatives and programming focused on the OSU ideal graduate competencies of professional preparedness, ethical leadership, engaged citizenship, and personal responsibility. Additionally, she oversees impact initiatives for OSU Athletics.

Her goal is to enhance the student-athlete experience and prepare them for life after OSU. Through one-on-one meetings, guest speakers, experiential learning and special events, each student-athlete gains access to professional development tools and job search support.

"OSU student-athletes possess valuable skills sought after by employers," Harding explains. "They excel in teamwork, adaptability, and time management. They've been immersed in organizational leadership systems their entire careers. Companies should see the value in providing internships and jobs that help our athletes transition these skills into professional careers."

To achieve this, Harding added two additional positions. Assistant Athletic Director Tia Harring, who previously oversaw marketing and fan engagement, now focuses on student-athlete leadership development and established GoPokes Connect, a mentorship program pairing student-athletes with alumni-athletes.

Career Coach Lerin Lynch, formerly of the Alumni Association, helps student-athletes build their professional toolbox. This includes résumé development, career coaching, and essential professional skills.

"Investing in the holistic well-being of our student-athletes is paramount," Harding said. "Hiring Tia and Lerin strengthened our ability to better support student-athletes in their professional and leadership development."

While the department empowers student-athletes through the Student-Athlete Advisory Committee (SAAC) and community engagement projects, Harding seeks to expand employment options for them.

"Student-athletes have unique skills and unique schedules," Harding said. "Our next step is to find new, innovative ways to provide experiential learning for all our student-athletes."

Mental Health and Wellness

Oklahoma State student-athletes have access to Dr. Trevor Richardson, who leads a four-person team of trained mental health professionals dedicated to serving the needs of OSU student-athletes. Most schools have just one - if any - mental health professionals on full-time staff.

The team's approach to mental health is built through relationships and providing ongoing support.

"Around here, we like the old proverb of if you give a person a fish, you'll feed them once. If you teach them to fish, you'll feed them for a lifetime." Richardson said. "That's kind of how we approach mental health – we want to equip our people with knowledge and strategies they can use long into the future."

For Richardson, a two-time Oklahoma State graduate who joined the athletic department after more than 10 years on campus as part of OSU Counseling Services, being a mental health resource for OSU student-athletes is not just his profession, it's personal.

There is a misconception that seeking help in the area of mental health is a sign of weakness. Richardson said that is not the case.

"It's a sign of strength to ask for help in mental health because it shows you are secure in yourself," Richardson said. "This is about courage. People who take part in this process show courage and sometimes they view it as a sign of weakness because of what they've been conditioned to think. When you run from something that needs to be addressed, sooner or later it catches up with you. To sit down and take that big, scary, unpleasant thing on and talk with someone about it, that takes real courage."

Honoring Academic Success

The Oklahoma State Scholar-Athlete of the Year Award acknowledges the remarkable character and performance of one male and one female student-athlete. As the highest honor presented among OSU student-athletes, this award reflects exemplary performance in academic endeavors, athletic activities, and a commitment to community engagement. The award recognizes exceptional character of the student-athlete and a remarkable dedication to academic performance.

The award was initially presented in 1994 as the OSU Student-Athlete of the Year, but the title changed to OSU Scholar-Athlete of the Year in 2015.

Maddison Hinson-Tolchard (golf) and Alex Maier (cross country/track and field) were honored as OSU's 2024 Scholar-Athletes of the Year.

We Will *Always* Remember

On January 27, 2001, 10 members of the Oklahoma State Cowboy Basketball family passed away after a plane crash on the way home from a game at Colorado. To this day, the legacy of those Cowboys is honored. Each year, 10 OSU students are selected as Remember the 10 scholarship recipients and the charitable Remember the 10 Run generates significant donations to University Counseling Services.

A Night to Shine

Oklahoma State student-athletes walk the orange carpet at the Cowboy Choice Awards, which has become a highly-anticipated event on the annual calendar, in part because of the awards themselves and in part because it is an opportunity for student-athletes from all sports to come together off the field for a fun and enjoyable evening.

In the Heart of it All

Oklahoma State University serves nearly 25,000 students at its Stillwater campus, with 26% of the student body coming from out of state. Students from all 50 states and over 100 countries call Stillwater home.

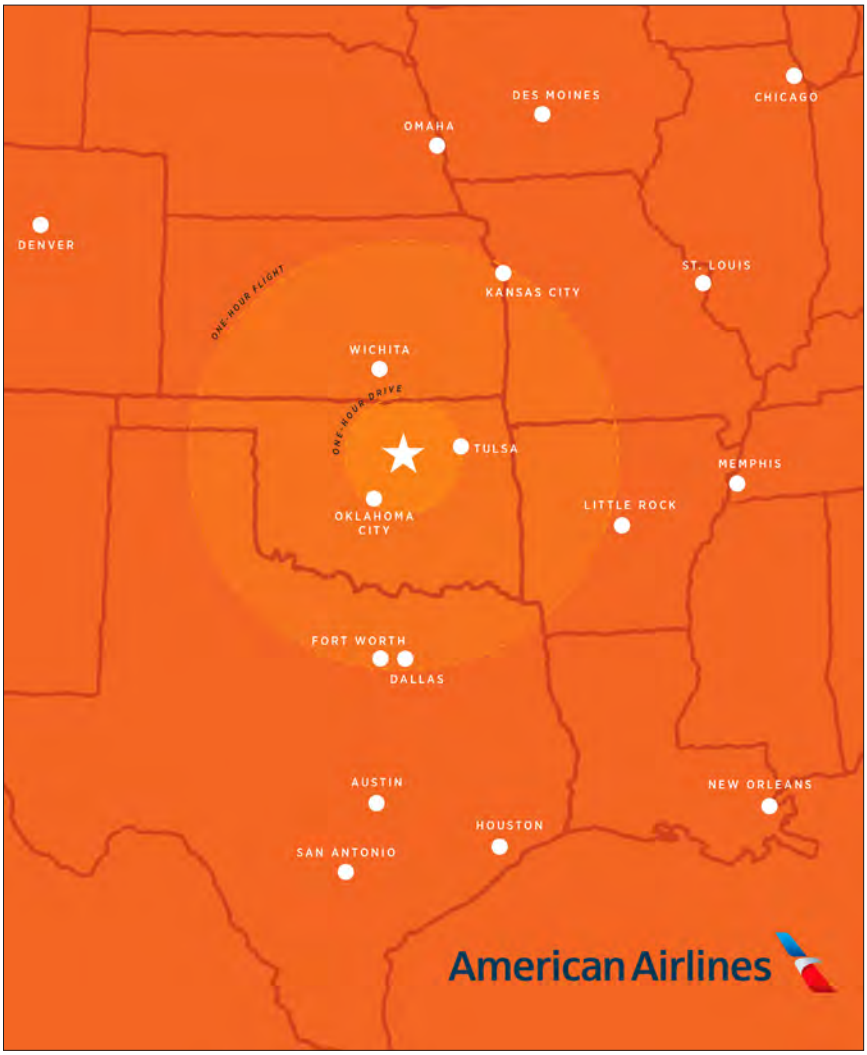
Stillwater is centrally located between Oklahoma City and Tulsa, just an hour's drive away from the two largest metro areas in the state of Oklahoma.

Stillwater Regional Airport provides daily nonstop American Airlines flights to and from Dallas/Fort Worth International Airport. A single one-hour connecting flight to DFW is all that separates OSU from traveling to New York, Los Angeles, London, Tokyo, Sydney and more of the world's greatest destinations.

Additional direct service to and from Stillwater may also be coming.

Stillwater Regional's 7,400-foot main runway can easily accommodate aircraft such as the Boeing 737 and Airbus A320, simplifying team travel for OSU and any opponents making the trip to Cowboy Country.

Further improvements to Stillwater Regional's facilities include a proposed expansion to the airport's terminal that would triple its current size.



Noting Stillwater

The population of Stillwater is about 50,000 and with Oklahoma State University as its heart, it comes as no surprise that approximately 50 percent of Stillwater residents age 25 years or older have a bachelor's degree.

Average Climate

Summer: 69-91 degrees

Incredible Fan Support

Oklahoma State has a passionate fanbase that appreciates success across all sports and as a result, OSU enjoys an overwhelming advantage when playing at home.

America's Greatest Homecoming

OSU's very first Homecoming was held as part of the Harvest Carnival in the fall of 1913, but it wasn't until seven years later that the OSU Alumni Association hosted its first official Homecoming celebration. On October 30, 1920, 90 Oklahoma A&M alumni returned to Stillwater for festivities including the Aggie football game plus a dance and a dinner hosted by Alumni Association President Monroe Otey.

Of the 90 alumni in attendance, 50 were from the Stillwater area and 40 were from out of state. It was also in the '20s the now-famous tradition of house decorations began when sororities started to decorate their doorways.

In 1930, the first ever Homecoming Parade, a mile long, made its way down Main Street. More than 17,000 alumni returned to Oklahoma A&M that year to renew old friendships and show their pride in the Orange and Black.

In 1942 and 1944, Homecoming was combined with Dads' and Mothers' days and sponsored by the YMCA, YWCA, Dads' and Mothers' Day Association and the Alumni Association. The combination was a result of World War II and impending gas rationing to occur. Even with the gas rationing and cutbacks on parade floats, decorations and visiting bands, the football game and reunion functions were still well attended.

Following the war in 1946, there was a record attendance of 20,000 alumni and the largest parade was held including more than 50 floats, six bands and other community entries. Over time, the size of the house decorations overtook those of parade floats. In 1966, vehicles were abandoned and onlookers tried a new experiment - they simply "walked around" to view the decorations. Three years later, house decorations began being judged and scored.

New events like the Sign Competition, Football Frenzy and Chili Cook-Off were added in recent decades. Since that time, the event has grown and today is recognized as "America's Greatest Homecoming Celebration," drawing more than 80,000 alumni back to campus each year.

CASE International (Council for Advancement and Support of Education) has recognized OSU's Homecoming as a Seal of Excellence recipient. This is the highest award given by CASE in the field of Alumni Relations. This prestigious award is given only to programs that serve as models for others. OSU was recognized for the widespread participation and outstanding organization of its Homecoming program.

Most recently, the Homecoming celebration has launched onto the world wide web with photo albums, video highlights and live streams of Walkaround and the Sea of Orange Parade.

In 2010, the OSU Alumni Association began fundraising for the $3 million Homecoming and Student Programs Endowment as part of the $1 billion Branding Success campaign. OSU is one of the only schools left in the nation with an event like Walkaround, and once fully funded, the endowment will ensure future generations of Cowboys will be able to experience "America's Greatest Homecoming Celebration" as we know it today.

OSU's Homecoming is presented by the OSU Alumni Association and is planned by the student-driven Homecoming Executive, Steering and Big committees. OSU's Homecoming is a longstanding, exciting and colorful tradition for both campus and community.

The Cowboys

Dating back to the 1890s, Oklahoma A&M sports teams had been referred to as Agriculturists or Aggies, the Farmers, and officially but unpopularly, the Tigers. But by 1924, Charles Saulsberry, sports editor of the *Oklahoma City Times*, and other writers who regularly covered college events, had begun to refer to Stillwater's teams as the A&M Cowboys. Reporters' constant search of colorful synonyms started sprinkling Cowpokes, Pokes, Waddies, Cowpunchers and Punchers in conversation. "Cowboys" had a Southwestern flavor and flair that fit like a favorite pair of boots.

The Athletic Council authorized athletics director Edward C. Gallagher to have 2,000 balloons printed, "Oklahoma Aggies—Ride 'Em Cowboy" for sale at football games in 1926.

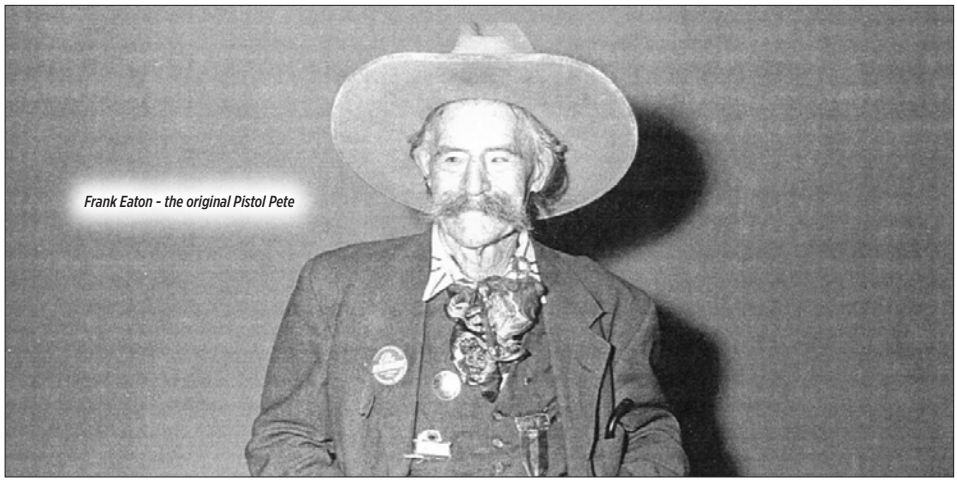
Pistol Pete

(excerpt from text written by Lance Millis)

Around 1923, when Oklahoma A&M College was searching for a new mascot to replace its tiger (copied along with the school's orange and black colors, from university founders who hailed from Princeton), a group of students saw Frank Eaton leading the Armistice Day Parade. He was approached to see if he would be interested in being the model for the new mascot, and he agreed. A likeness was drawn and began to be used on sweatshirts, stickers, etc., and a tradition was born.

That caricature was the basis for what is used today as the official Oklahoma State University mascot. For 35 years, the crusty old cowboy was a living symbol of OSU, representing the colorful past of the area. As such, he would attend OSU athletic events, building dedications, etc., and sign autographs, pose for photographs and reminisce about the Old West with anyone who would listen.

To this day, his likeness is a visible reminder of the Old West to literally millions of people yearly as a symbol of colleges whose mascots pay homage to the cowboy. Each year, OSU students tryout for Pistol Pete. A panel of former "Petes" judge the tryouts and select the two best candidates based on an interview, a mime, and posing as mascot in different "game situations." The two who are selected split the approximately 500 appearances annually. These appearances include all athletic events, pep rallies, business openings, weddings, birthday parties, and public school events.



Frank Eaton - the original Pistol Pete

Frank Eaton - Before Pistol Pete

"My boy, may an old man's curse rest upon you, if you do not try to avenge your father...You must never stop until they are all accounted for!" These words, according to one of Eaton's many stories, were spoken by a family friend following the brutal murder of his father, and guided the formative years of Frank's life.

Born in 1860, in Hartford, Connecticut, Frank moved with his family to Kansas shortly after the close of the Civil War. When Frank was eight years old, his father, a former Union soldier, was shot and killed by a group of lawless former Confederates. Frank was a witness to the murder and each of the murderers' faces was imprinted in his memory.

After being challenged to avenge his father's death by Mose Beaman, (the family friend), Frank set out to learn how to handle guns. Mose gave him a gun and holster, and taught him how to handle and shoot guns. Frank quickly learned to "shoot a snake's head off with either hand". During the next few years, Frank's days were spent helping his mother with chores and practicing shooting. With each passing year, he became faster and more accurate with his guns.

When Frank was 15, he learned of the location of one of his father's killers. After deciding it was almost time to set out on his mission, Frank wanted to make sure his shooting skills were good enough. He decided to visit Fort Gibson, a cavalry fort, to try to learn more about handling a gun. There he competed with the cavalry's best marksmen, beating them each time. After many competitions, the fort's commanding officer, Colonel Copinger gave Frank a marksmanship badge and a new name. From that day forward, Frank would be known as Pistol Pete.

Bullet

The Oklahoma State University Cowboys have many symbols of their western heritage, but none is more appropriate than their mascot, Bullet. The Spirit Rider program debuted in 1984 with the first few Spirit Riders providing their own horse to serve as mascot for the OSU Cowboys.

However, in 1988, Stars Parr Money was donated to the OSU Athletic Department to be used specifically as the mascot. Since that time, Bullet has delighted crowds with his traditional sprint across the football field following every Cowboy touchdown. The heart of the Cowboy Spirit Rider Program, Bullet is not only seen at Boone Pickens Stadium and other OSU football games, he's made appearances at local elementary schools, parades, rodeos and other special events, including the opening ceremonies of the Oklahoma State Special Olympics.

The tradition of the Spirit Rider can be attributed to the late Eddy Finley, who wanted to promote school spirit the "cowboy way," on horseback. Since that time, additional support has come for the Spirit Rider and Bullet, much of it due to Finley's hard work. A horse trailer, custom-tooled saddle and uniform dress for the Spirit Rider and ground crew have been donated to OSU. In honor of the Spirit Rider and its tradition, Jim Hamilton sculpted the Spirit Rider bronze statue that sits just south of the Greenwood Tennis Center.

Bullet is a regular part of the Cowboy football game day experience.

The Waving Song

Victor Herbert was inadvertently responsible for a deeply entrenched facet of A&M athletic tradition, the waving song. His lyricist was speech instructor H.G. Seldy Seldombridge. In 1908, Seldombridge had gone to Columbia University to scout for a senior class play. While there, he heard In Old New York, the hit song from the operetta The Red Mill. Even New Yorkers were humming the song on city streets, and Seldombridge returned to Oklahoma humming it, too.

Shortly thereafter, he incorporated In Old New York into the closing number of a college follies show being rehearsed in Stillwater's Grand Opera House. But as he studied the stage decorated in orange and black for a campus scene, he realized that New York's praises were out of place for a southwestern college setting.

"Suddenly OAMC flashed to my mind," he explained in 1941. He asked the 30-voice choir to take a break, grabbed a piece of wrapping paper, hummed, and scribbled. In less than ten minutes he had the alternate lyrics that would enliven sports events long after opening night.

For that finale, a letterman representing each sport joined the chorus onstage. The students added their own memorable touch. They swayed and sang "OAMC! OAMC! We'll sing your praise tonight," as they waved to the audience in unison.

It almost raised the roof off the old building, noted Seldombridge, who left the campus in 1910. Exhilarated, the crowd surged to its feet and returned the rhythmic wave. It took two encores before the campus and community gathering was willing to relinquish the emotion of the moment.

"From that night on, you could frequently hear someone whistling the tune," he recalled, touched that OAMC's waving song was remembered as late as 1941.

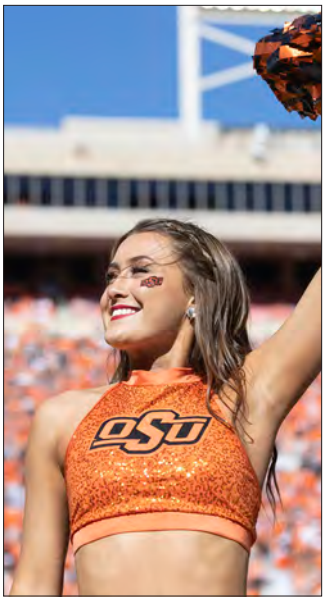
The Waving Song tradition continues to this day with OSU fans rising to their feet and waving one arm in rhythm with the song after scores in football and following victories in other sports. Contrary to popular misconception, this tradition should not be referred to as "Waving the Wheat," which is the name of the two-armed wave adopted by University of Kansas fans.

The Waving Song Lyrics

Oklahoma State! Oklahoma State!
We'll sing your praise tonight;
To let you know where e're we go,
For the Orange and Black we'll fight
We'll sing your worth o'er all the Earth
And shout: Ki Yi! Ki Ye!
In books of fame we'll write your name,
Oklahoma State!

"Ride 'Em Cowboys" Lyrics

Ride, ride, ride, ride,
Ride'em Cowboys,
Right down the field!
Fight! Fight! Fight! Fight!
Fight'em Cowboys, and never yield.!
Ride, ride, ride, ride,
Ride on, Cowboys, to victory;
Cross (opponent)s goal;
Then we'll sing 'O-kla-homa State!'



OSU Alma Mater Hymn

Across several different sports, following victories, OSU teams gather in front of the student section to sing the alma mater. All fans, students and non-students are encouraged to remain in the stands after OSU victories and join the Cowboys for the Alma Mater hymn.

Alma Mater Hymn Lyrics

Proud and immortal
Bright Shines Your Name
Oklahoma State
We Herald Your Fame
Ever You'll Find Us
Loyal and True
To Our Alma Mater

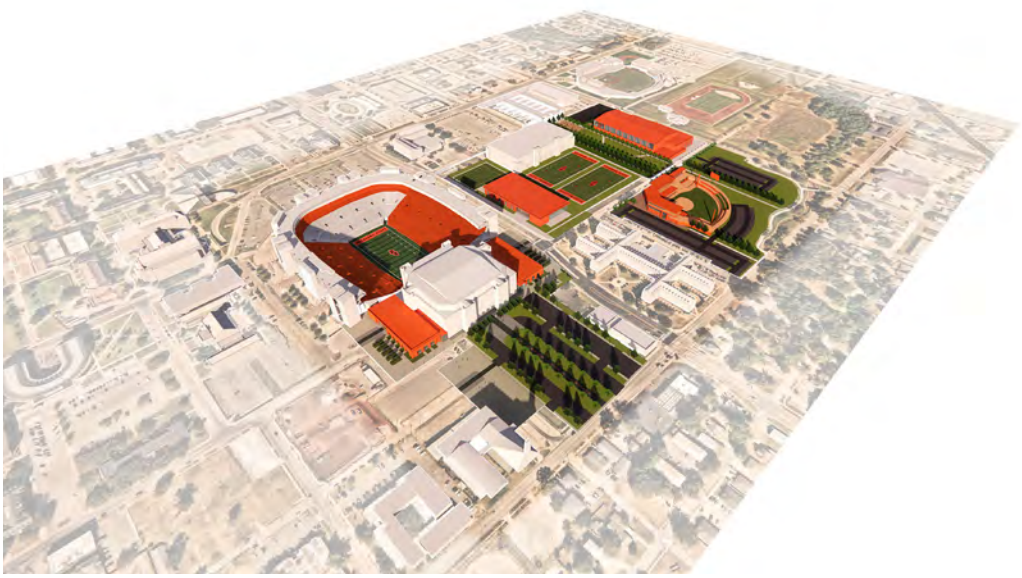
OSU Athletics Vision Plan

Looking into the Future

Oklahoma State is strengthening its position within the national landscape of college athletics with the unveiling of the athletics facilities vision plan announced by Athletic Director Chad Weiberg.

The plan focuses on providing for the success of the student-athletes, improving the fan experience, and bolstering the University's ability to attract student-athletes across all programs through the creation of a unified and connected athletic village unrivaled in college sports.

Included in the plan are a new football operations center, a new wrestling training facility, a new softball stadium, an indoor track, a new training center for basketball, upgrades to the Pedigo-Hull Equestrian Center and to Karsten Creek Golf Course and repurposed areas in the west end zone of Boone Pickens Stadium and Gallagher-Iba Arena for student-athlete services that include a new academics center and spaces for mental health, leadership and career development.



The athletics vision plan comes at an estimated cost of approximately $325 million. The implementation and order of construction will be determined as funding becomes available for each individual element.

"This is a time of conference realignment and unprecedented transformation in college athletics," Weiberg said. "With a history that includes 52 NCAA titles, for us to continue to achieve championship results, now is not the time to pause or rest on past accomplishments, but to honor those accomplishments by pushing forward and building upon what has been started. This vision plan provides a road map for the next phase of an athletics village that will be unrivaled in collegiate sports."

The plan is in its conceptual stages.

OSU Athletics Vision Plan

Human Performance Innovation Complex and Football Center

In December of 2022, Oklahoma State University announced its new Human Performance and Nutrition Research Institute with the goal of impacting every community in Oklahoma.

Due to available space and to maximize efficiencies, the institute headquarters will share a roof with the new operations home of Cowboy Football and will be located immediately adjacent to the existing practice fields and the Sherman E. Smith Training Center.

Sharing the same footprint will maximize efficiencies of key elements of the Human Performance And Nutrition Research Institute and Cowboy Football.

Vacated space in the west end zone of Boone Pickens Stadium creates tremendous benefits for student-athletes in every sport and accommodates an athletic department that has grown in recent years to include new areas dedicated to student-athlete success, mental and physical wellness, leadership and professional development.

While the institute itself is funded by the university, the Cowboy Football program will have its own space within the building paid for by athletics funds and private donations.

The 2009 upgrades to Boone Pickens Stadium played a significant role in OSU's rise to college football prominence. It also launched a larger mindset – one that Cowboy Football is truly capable of ascending to the highest level of the sport. This new facility provides an opportunity for OSU to reaffirm its commitment to being a national force moving forward.

Student-Athlete Success Center

The program areas currently occupied by OSU Football in the west end zone of Boone Pickens Stadium will be renovated following completion of Human Performance Innovation and Football Center. This includes both student-athlete and coaches/staff areas in the stadium which are currently located on the arena and lower club Levels.

The existing Student-Athlete Dining and Training Table would be expanded and renovated. Premium areas, including both club areas and seating and additional suites would be added, offering new seating types and amenities. Existing student-athlete support programs such as academic services, student athlete development and mental health could be relocated from Gallagher-Iba Arena to the stadium. Sports medicine, along with strength and conditioning could also be expanded and located in the west end zone, offering a central training and recovery space for all student-athletes.

In addition, offices and work areas for OSU Athletics creative teams, encompassing operations, graphic design, creative content and communications would be relocated to Boone Pickens Stadium.

Boone Pickens Stadium

Between 2003 and 2009, Lewis Field expanded and was officially rededicated as Boone Pickens Stadium on September 5, 2009. The expansion included adding nearly 4,000 club seats and 123 suites and connected the north and south by creating a continuous seating bowl in the west end zone. Over time the original seating on the north and south sides stadium bowl has required annual maintenance, resulting in increased repair costs, necessitating the replacement of the existing seating treads and risers. This need allowed OSU Athletics to plan the modernization and improvement of the fan experience in Boone Pickens Stadium.

Following the 2022 football season, work began on a two-year stadium project, beginning on the north side. That scope of work begins at the 200 level with the addition of a cross aisle to the existing seating treads and risers at the 300 level, expanding tread depths and new entrances. The project includes replacing benches, adding stadium seats in some sections, additional aisles, and adding handrails for safety. New intermediate aisles will be located between the existing entrances, reducing the amount of seating between aisles.

Following the 2023 football season, the south will be replaced in a similar fashion. The project includes new entrances at the lower 200 levels, replacing benches, adding stadium seats, additional aisles and adding handrails.

This renovation will keep the overall vision of Boone Pickens Stadium intact, marrying the north, west and south seating sections, and maintaining the existing 100, 200 and 300 level seating bowl levels.

OSU Athletics Vision Plan

Softball Stadium

The plan includes a new softball facility partially located on the former site of Allie P. Reynolds Stadium. The new home of Cowgirl Softball will provide modern amenities suitable for a premier collegiate softball program and will include championship caliber player-development areas. In addition, typical chairback seating, tailgating corrals, and family friendly areas to enhance the fan experience are planned.

Following the demolition of Allie P. Reynolds Stadium, the project will also create opportunities for additional parking for on-campus residents.

Indoor Track and Field

The men's and women's track and field programs support over 100 student-athletes. These athletes require year-round training and competition space. The vision plan proposes an indoor track and field facility south of the existing outdoor track and field complex. The proposed site is bordered by McElroy Road to the north, the Sherman E. Smith Training Center to the south, the Michael and Anne Greenwood Tennis Center to the west, and North Knoblock Street to the east.

This parcel of land is ideally sized for a full indoor track program. It will include a 200 meter banked track, indoor field event space, spectator seating, athletic training rooms, team meeting/theater spaces, locker rooms, player lounges, and offices for coaching staff.

In addition to strengthening training and development for the track and field programs, this new facility will act as a dynamic new recruiting tool for an already nationally prominent program.

Wrestling Practice Facility

Cowboy Wrestling is the most successful program in the history of the NCAA, regardless of sport. Entering the 2022-23 academic year, Oklahoma State wrestling had won 34 team national championships, 143 individual NCAA championships and had 475 All-Americans. The plan proposes an addition to the existing facility, which would support the ongoing success of OSU Wrestling.

While the program recently received an upgrade to its locker room, additional space is needed to sustain the success of the program.

This addition will increase the size of the wrestling room, allowing for additional mat space and championship-level team amenities. While the team will always compete inside the famous Gallagher-Iba Arena, the training facility will feature a dedicated space for spectators that will enhance recruiting and donor visits. This training facility will also house office and meeting spaces for the coaching staff.

OSU Athletics Vision Plan

Basketball Practice Facility

OSU's basketball programs have a rich history of success. Since the Cowboys' first game in 1908, OSU has won two national championships and appeared in six Final Fours. In the Big 12, only Kansas exceeds those totals. With 17 postseason appearances and three conference championships, the Cowgirls are continuing to build on an already-established tradition.

While having the benefit of utilizing the game court and backdrop of Gallagher-Iba Arena for practice can be an advantage for both programs, at times they are displaced during other athletic and campus events. A new practice facility is essential in helping both basketball programs continue to recruit, develop and train student-athletes to compete for championships.

The vision plan proposes an addition on the south side of the arena featuring two practice courts and other championship-caliber training spaces.

Pedigo-Hull Equestrian Center

Building off the historic 2021-22 season in which the program captured its eighth Big 12 Conference title and its first overall NCEA national championship, several updates to Pedigo-Hull Equestrian Center are planned.

Similar in size and scope to the Atherton Family Arena, an additional covered arena will be added to the Pedigo-Hull Equestrian Center.

Currently the primary practice arena, the Atherton Family Arena is a 135x270 square foot covered arena. The team also uses the Totusek Indoor Arena, a 100x200 foot climate-controlled facility. The Pedigo-Hull Equestrian Center consists of a saddling barn that includes coaches' offices, locker rooms, a tack room and an athletic training satellite office. It also has a 24-stall horse barn with outdoor runs and several paddocks and pastures. A new multi-purpose team building that includes a team lounge with study area and a fueling station was completed in 2021.

Karsten Creek Golf Course

Opened in 1994, Karsten Creek Golf Course was quickly named the "Best New Course" in the country by Golf Digest. The undulating fairways and challenging bunkers were originally created by renowned golf course designer Tom Fazio. Complementing the course are the clubhouse, three multi-level guest lodges, and a practice and teaching facility. While the course and related amenities have stood the test of time, renovations are needed to improve the facilities infrastructure, create a more challenging course, and enhance the skills of the student-athlete.

Course enhancement will include new irrigation, drainage, fairways, cart paths, and greens. Bunkers and tee boxes will be adjusted to increase the difficulty of play and advance the skills of the golfers. The practice facility will also be renovated to improve the tee boxes, landing zones, short game area and practice putting greens.

Originally constructed in 1997, the indoor practice facility will be upgraded to include state-of-the-art equipment.

Gallagher-Iba Arena Welcome Plaza

Since 1938, Gallagher-Iba Arena has been known as one of the great venues in collegiate athletics. Over time, however, the original east facade of the building has lost its unique prominence as the main gateway of the venue. This project seeks to revive this entrance, creating the welcome that OSU fans and athletes deserve. The plan also proposes adding premium parking and tailgating experiences to enhance the fan experience from the moment they arrive for an event.

The proposed Gallagher-Iba Welcome Plaza parking expansion will create approximately 250 new parking spaces nestled in a park-like setting.

In addition to creating parking, public plaza and walkway, fans will experience an arrival sequence similar to that of Boone Pickens Stadium. With new fan-focused offerings, OSU will have new opportunities to generate revenue.
